

COLORMARK Tube writer

Application pictures by SHC-Stahlhandelscenter Heilbronn GmbH

Description:

COLORMARK tube writer is the special marker for the industry. The economic solution for weather-resistant lettering. Lettering metal, wood, concrete, cardboard, plastic, also rough and oily surfaces - no problem with the economic tube markers for the industry. The multifarious COLORMARK colours are chlorine and lead-free and therefore optimally suited for stainless steel. COLORMARK contains non-toxic colours: no toluene, no heavy metals.
