

## Kitting and assembly line for your Bicycle, E-bike and Cargo bike production

OCS helps bicycle manufacturers improve productivity and secure capacity through smart kitting- and assembly line solutions. We offer turn-key solutions with our Power & Free overhead conveyors including a carrier designed for optimal ergonomics for the operators.

A silhouette of a bicycle is shown against a black background. The bicycle is positioned diagonally, with the front wheel on the left and the rear wheel on the right. The frame, handlebars, seat, and wheels are clearly visible. A yellow rectangular box is located in the upper right corner of the image, containing text.

## **Leading provider of overhead conveyor solutions for the bicycle industry**

A selection of OCS bicycle installations:  
Canyon, Riese & Müller and Internetstores.

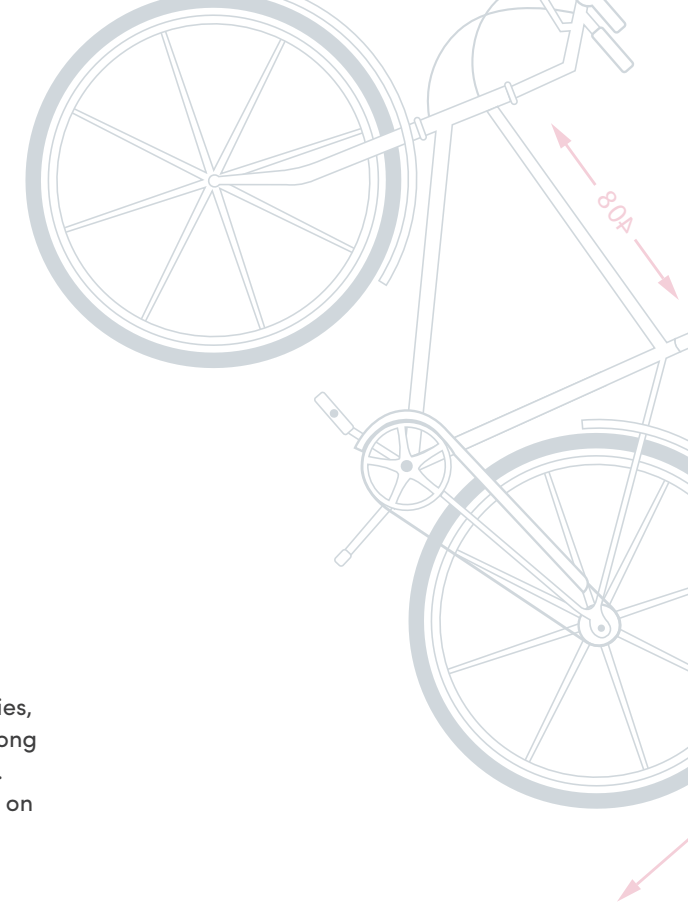

ABOUT

# OCS Overhead Conveyor System

**OCS Overhead Conveyor Systems offers internal transport systems to a range of different industries, including the bicycle industry.**

**THE FOUNDATION FOR** OCS's success is control of our own production in Sweden, but above all our friction-based patented technology for hanging conveyors. A technology that enables us to offer modern industry solutions that are clean and oil-free, ergonomic and quiet, and highly flexible for fast changes.

With more than 500 installed systems globally in a range of different industries, our long experience has given us a strong position as lean production specialists. We create the optimal solutions based on your needs and our know-how.

## Facts

**Owner:** Axel Johnson International\*, Christer Lundgren, Kenth Almqvist and Mathias Frunz

**Headquarters and production:** Borås, Sweden

**Sales offices:** Sweden, Germany, UK, Czech Republic, USA and Japan.

**Markets:** 30 countries

**Installed systems:** Approx. 500

**Employees:** 50 (120 worldwide)

**Revenue:** 10 MEUR (24 MEUR worldwide sales)

**Certifications:** ISO 9001 Quality, ISO 14 001 Environment and EN 1090-1

\*Axel Johnson International is a global industrial group of more than 150 companies in 30 countries. Axel Johnson International drives business development and growth through a long-term approach to ownership in strategically selected niche markets, primarily technical components and solutions for industrial processes.

# Our technology provides

## Overhead conveyor:

- Friction driven
- Low noise
- Oil free and clean
- Power and free
- Modular
- Allows full line accessibility for operators

## The carrier:

- Gives full 360° bicycle accessibility
- Height adjustable
- With box for components and hooks for the wheels
- Connection to saddle hole or frame

# Smart conveyor solutions for the Bicycle industry

**Improve workflow of your manufacturing or assembly process with smart conveyor solutions from OCS.**

## **FOR ANY KIND OF BICYCLE:**

Mountain bike, road bike, touring bike, e-bike, cargo bike, scooters etc.

- Assembly line following lean principles and thus high productivity.
- Batch or mixed order-based production allows just-in-time production.
- Sequential and/or parallel workstations for various capacity needs.
- From kitting and pre-assembly to final assembly, quality control and packaging including needed buffers.
- Smart layout to optimize floor space utilization.
- Flow management and track & trace using RFID technology and SCADA system.

**Final solution based  
on your needs**

## Efficient material flow solutions

We solve your transport needs with the best solution for your operation/business.

## Increase productivity

Our Turn-key solutions increase capacity, with reduced production costs, in e.g. kitting and assembly processes.

## Lean, Clean, Green – sustainable production

Efficient production flows that are oil free, quiet, energy effective and safe.

## Your need- Our Know-how

You will benefit from our competence and experience in material flow solutions for the industry.

## Future proof technology

The OCS conveyor system is robust, flexible and modular for easy changes and low maintenance costs.

## Increased safety & security with direct impact on profitability

Increase staff productivity and yield in a safe and ergonomic working environment.

## Maximize valuable floorspace

With OCS overhead conveyors valuable floor space in production is made available.
